

NATIONAL SPONSORSHIP AND NETWORK OFFICE

FY 25 Annual Report

The work of the National Sponsorship and Network Office (NSNO) continues to focus on the transition to lay leadership and governance at our 12 sponsored ministries. As the sisters celebrate their 175-year anniversary of their founding, we embrace opportunities to honor that legacy in the strategic ways each of the sponsored ministries advances the SND mission during this time of many transitions. That legacy is built on their commitment to meeting the needs of the times, and today the needs of the times are driven by changing demographics for the SNDs - a community of 444 sisters whose median age is 80. We are blessed with the presence of sisters on our boards and in some of our ministries and with the guidance and support of the SND leadership.

On July 1, 2025, the NSNO marked its 5th year of operation supporting the SND USA governance structure established in July of 2020. The work of the office continues to focus on the goal that each sponsored ministry be fully self-sustaining in Catholic identity, mission, finances, leadership and governance. Priorities are focused on how each of our sponsored ministries advances their mission and embraces their future in the face of many challenges and opportunities. This work is coordinated with the leadership and guidance of the National Ministry Corporation (NMC) Board including the work of NMC liaison to each ministry. In this past year, NSNO and the NMC worked with our sponsored ministries in

- embedding the knowledge of our SND legacy and mission with our lay leaders,
- evaluating the evolution of sponsorship and the significance of sponsorship to each of our ministries,
- ensuring the accountability of ministry leadership and governing boards engaging best practices for a viable future for their ministry,
- and promoting accountability for Catholic identity and mission.

One of the most significant initiatives this year was the focus on the evolution of sponsorship. The goal is to consider how the current governance structure will evolve as fewer sisters are capable of the leadership positions required for the model. NSNO and NMC led the ministries through discussions of how sponsorship will evolve, the idea of a Public Juridic Person (PJP) to replace the current model, and alternatives that ministries in other congregations are considering in the absence of a PJP.

Key processes in the future of sponsorship, and notably approval of PJPs by the Vatican, are assessment for Catholic Identity and Mission as well as a formation program for governing boards. Both processes are in place for our network. This year marked the third year of implementation for the Assessment for Sponsored ministries, and all of the ministries have now completed this process in this first cycle. The NSNO and NMC continue to hold annual report meetings with each ministry leadership. NSNO began the implementation of the Formation for Sponsored Ministry Programs authored and led by Sr. Joanne Keppler, SND. This program focuses on board formation for effective governance of a sponsored ministry.

The office continued to provide operational support to the NMC Board in their governance role as the sole member of each ministry. This included gathering financial data and other measures of performance and accountability for each ministry, sharing best practices for leadership and governance with each ministry, planning NMC board meetings, and facilitating communications between the NMC and the ministries.

An important priority was to continue to develop relationships and collaborate with SND USA national offices to promote the SND mission. The office embraced opportunities to work and engage with Justice, Peace, and Integrity of Creation (JPIC), Mission Advancement, and Finance and Operations. In each case there were positive outcomes that helped promote understanding of roles, the work of the office with sponsored ministries, and support special projects to promote mission.

Sponsored Ministries Updates

Ministry Transitions

On January 1, 2025, the **SND Eastern Kentucky Foundation** officially opened its doors in Morehead, KY, continuing the Sisters of Notre Dame's six-decade legacy of service in the region. In its first year, the foundation supported local families and patients with food boxes, personal care items and clothing. They also sponsored several events including a cancer survivor ice cream social and hospice remembrance ceremonies. The foundation launched its first grant cycle on June 1 inviting proposals for projects that align with its mission to provide support to individuals, families, and communities through funding in health and wellness, education and career development, and quality of life.

Julie Billiard in Brecksville, OH opened August 21, 2024, with 46 students in kindergarten through 4th grade. The new campus features 1:8 teacher-to-student ratios, state-of-the-art classrooms, specialized therapy rooms, and outdoor learning spaces. JB Brecksville will add grades 5-9 in August of 2025.

Notre Dame Academy Schools in Los Angeles, CA added a new all girls middle school with 20 new students enrolling. They renovated a portion of the campus to accommodate learning and gathering space for these new students.

Notre Dame Schools in Chardon, OH completed the renovation of its middle school which opened in 2024. They have had a waiting list for students wishing to enroll in the 6th grade for the last two years.

The former **St. Joseph Heights convent building in Covington, KY** was scheduled to be demolished beginning in July, 2025 and continuing through the remainder of the year. The plan was presented for the property to be acquired by St. Charles Community to expand their services. St. Charles' vision for the St. Joseph Heights campus includes a Senior Resource Center with free services to area seniors along with cottages specifically designed to meet the need for safe, maintenance-free housing for middle-income seniors. Of the 68 SNDs living in Kentucky, 38 sisters live on the St. Charles Community campus, and another 30 sisters live and minister within the greater Northern Kentucky and Southern Ohio areas.

With the closing of St. Joseph Heights, **Julie Learning Center Preschool in Covington, KY** has relocated to St. Agness School, a Sisters of Notre Dame affiliated school located in Ft. Wright, KY. The Covington office of the NSNO moved to 250 Grandview Drive in Ft. Mitchell, KY where other SND employees are also located.

The videos are a collaboration with the Justice, Peace, and Integrity of Creation office and highlight the many good works of the sisters and how they exemplify the rich SND Catholic Social Tradition. The office also collaborated with JPIC through the sharing of campus ministry contacts and the creation of an informational bulletin that looks at recent executive orders through the lens of Catholic Social Tradition.

Lisa represents the NSNO on the national *SND Connection Conversations* committee that organizes opportunities for employees in SND USA to learn more about the mission and ministry of the sisters through presentations hosted in all four regions. In October she introduced Sr. Eileen Quinlan, who made a presentation on the many ways the sisters engage in ministry, especially as the SNDs celebrate 150 years in the United States.
